

Dear Colleagues,

It is our great pleasure and honor to invite you to participate in the "*Third European Forum on Hypertension*", which will take place in Gdansk-Gdynia on May 11-13, 2017. The European Society of Hypertension and the Polish Society of Hypertension will once again jointly organize the meeting. Its main aim is to strengthen the relationship between the ESH and the National Societies.

The first edition of the European Forum held in May 2015 gathered participants representing 23 countries. The 2016 Forum, with representatives of 26 national societies, provided further unique opportunity to share both clinical and research experience between various countries of Eurasia.

The 2017 program will consist of topical workshops focusing on novel methods assessing and improving compliance, e-healthcare (including the ESH CARE applications), joint ESH research projects and guidelines update.

We hope you will be able to participate in this event.

Best regards.

Sincerely,

Prof. Enrico Agabiti Rosei
President of the European Society of Hypertension

Prof. Krzysztof Narkiewicz
President of the Polish Society of Hypertension
